Exhibitors feedback:

BIESSE

Woodex Exhibition is the most important event for the woodworking industry. It is a regular venue for all the largest manufactures of furniture, woodworking goods, machinery, tools, and all the required components for finished goods. That's why we always pay a lot of attention to our participation in the exhibition.

Mikhail Solyanik, Sales Development Director

FELDER

At Woodex, we usually enter into a lot of contracts. It is an opportunity for us and for our customers to meet, to discuss important and relevant issues associated with our industry and our partners' development.

Andrey Samsonov, General Director

KAMI

We are glad to participate once again in this leading exhibition of equipment and tools for woodworking and furniture production. We've been regularly participating in this major Russian exhibition for several years. We have high hopes and plans for the exhibition and we think that it's on the right track, it's developing, and the number of participants is increasing.

Yuri Khokhlov, Director for Technical Policy of the Association

ITALIAN WOODWORKING TECHNOLOGY ASSOCIATION ACIMALL

Woodex is an effective platform for entering the Russian market.

Dario Corbetta, Director

IMA

The exhibition is a great opportunity to meet all our customers located in the neighbouring countries, as well as within the Russian Federation. The key aspect of participation in exhibitions is the very communication with the customer, obtaining the customer's data on equipment needs and on specific solutions.

Sergey Panforyov, General Director

DITEC

This is one of the largest events in our industry, both in terms of participants and visitors.

Alexander Kurchenkov, Head of Sales
